

Hosting a Parent Get-Together

...in the comfort of your home.

Hosting a Parent -Get-Together is easier than you think!!!

What is a parent Get-Together?

It's a different approach to getting parents together to discuss parenting issues on a selected topic of the hostesses choice, in the comfort of their home. AND the hostess receives a hostess gift, we bring the snacks and refreshments, a door prize is drawn for the guests and the hostess can qualify for tickets in the monthly parent- get-together drawing. All you do is invite family and friends. No one has to buy anything!!

How much fun is that??

You decide on the date and time, you give 2 hours of your time.
