

COMMUNITY NOTICE

For Immediate Release:

Tsiothohrhkó:wa/January 20, 2022

COMMUNITY HEALTH PROVIDES NOTICE TO COMMUNITY THAT COVID-RELATED LETTERS CAN TAKE 3-5 BUSINESS DAYS

The Mohawk Council of Akwesasne's Community Health Program (CHP) has been made aware that some community members require a letter from their public health authority notifying their employer/place of work of their COVID-status or notice of isolation/quarantine. CHP staff is doing their best to answer phone calls and requests for documentation and apologizes for the delay in response.

CHP is notifying the community that, due to staff shortage and community need, any letters for COVID-related notices can take between 3-5 business days for staff to complete. When calling in to request a letter or notice, and staff are unavailable, please leave a message and staff will respond as soon as possible.
