

JOB POSTING

Job title: Seasonal Bridge Crew

Duration of contract: 6 months

Location: Cornwall Island, Ontario

Deadline: March 20, 2020 at 3:00 pm

Seaway International Bridge Corporation Ltd. (SIBC) operates and manages the international toll bridge system linking Cornwall, Ontario, Akwesasne and Massena, New York. The Bridge is a vital transportation route for communities and businesses in the region.

POSITION SUMMARY

Under general direction of the Manager, Maintenance and Technical Services and reporting to the Maintenance Coordinator, participates in general maintenance of a high-level bridge, two low level bridges, interconnecting roadways, a toll plaza and an administration building. As required, assumes responsibility for individual projects or activities on a structure including the supervision of a small work crew.

ESSENTIAL QUALIFICATIONS

- Secondary school diploma
- Knowledge of general building, roadway and landscaping maintenance procedures including structural steel and concrete repair methods
- Knowledge of handling hazardous materials and WHIMIS
- Experience in general maintenance and construction
- Experience in traffic control
- Ability to work in tight and/or high spaces using appropriate personal protective and fall protection equipment
- Ability to climb and work at unusual and dangerous heights
- Ability to understand and follow oral and written instruction.
- Ability to learn the operation and use of small machines, tools, and power equipment.
- Ability perform heavy manual labor for an extended period often under adverse climatic conditions.
- Ability to lift up to 50 lbs.
- Possess a DZ valid driver's license and be eligible to enter the United States

Please send your résumé and a presentation letter that demonstrates how you meet the essential qualifications to snicholson@sibc.ca .

We thank all those who apply. Only those selected for further consideration will be contacted.
