ONTARIO COVID-19 RESPONSE
PUBLIC HEALTH CODE SYSTEM

PREVENT

Education & awareness information sent out to the public to keep the community & workplaces safe.

PROTECT

Strengthen & improve health and safety control measures to keep community & workplaces safe.

RESTRICT

Implement enhanced health & safety measures, with added restrictions to keep the community and workplaces safe.

CONTROL

Implement stringent health & safety control measures, with additional restrictions to control COVID-19 spread/transmission.

LOCKDOWN

Implement maximum health & safety control measures, maintain restrictions and begin lockdown processes.

Health and safety measures will ease up as trends in public health improve.
