

## COMMUNITY ANNOUNCEMENT

For Immediate Release:

Onerahtókha/April 27, 2021

### **TSIIONKWANONHSO:TE LTC PROVIDES UPDATE ON VISITORS POLICY**

The Tsiionkwanonhso:te Long Term Care Facility (LTC) is providing the community with an update regarding their visitor's policy. The change in visitor's policy is keeping with public health guidelines.

Designated caregivers to LTC residents are being offered visitation in the facility. Upon arrival to the building, they will be required to take a rapid COVID-19 antigen test. After the rapid antigen test, visitors will report to the screener, then escorted to your loved one's room. You no longer have to wait for your results. Only one designated caregiver is allowed at a time.

The LTC will be adding more time for designated caregivers to visit, starting April 26, 2021. **Visits for caregivers will be held only on Tuesdays, Thursdays, Saturdays, and Sundays, from 11a.m. - 6 p.m.** Consideration will be given for outdoor visits with caregivers as soon as weather improves, and the surrounding areas are out of the GRAY lockdown designation. Copies of the visitation policy is available upon request.

Thank you for your continued cooperation and understanding during this very difficult time. Please know that the safety of our residents, and our residents' families, and our staff is our number one priority.

If you have any questions regarding the LTC visitors policy, please contact the Tsiionkwanonhso:te Long Term Care Facility at 613-932-1409.
