Workforce: Kanatakon

Kanatakon and Tsi Snaihne

Our Goal is to ensure both
Districts are fully implemented
and operational before Academic
School Year 2021-2022

Current Status

- Potential delay in delivery of additional equipment required
 - Backordered due to overwhelming requests for High-Speed Internet Internationally
 - Potentially can be until 2022
 - We are working with suppliers to get in manufacturing queue to prevent major delays
- Kawehno:ke
 - Still awaiting Contribution Agreement authorization
 - Directional Drilling will begin as soon as possible
 - Pre-Registration will be announced prior to start of construction

Internet Service Providers (ISP)

Ontario East

- Establishing dedicated phone number and email for Akwesasne residents wanting to connect (Contact information will be released in June)
- OE seeking Akwesasronon for employment to assist with residential/business Internet connections
- Before disconnecting from current ISP, contact Ontario East first
- OE may be able to do the transition
- Some ISP's may disconnect phone and you will lose that phone number

Still seeking additional ISP's for Akwesasne

Still Accepting Registrations!

- Kanatakon and Tsi Snaihne Residents
- Email: ftth@akwesasne.ca
- Include:
 - Name
 - Civic Address
 - Contact Phone Number
