

PRIME MINISTER • PREMIER MINISTRE

Message from the Prime Minister of Canada

On the 2023 National Indigenous Water Operator Day, it is with great honour that I acknowledge and thank all Indigenous water treatment operators for your hard work in ensuring the delivery of safe drinking water to your communities.

This is a great responsibility. You are leaders and role models. The part that each and every one of you play is vital in ensuring the health and well-being of communities from coast to coast.

Every person deserves unrestricted access to clean and safe drinking water. Our government will continue working to make this right a growing reality.

In a day and age where voices all around us are focused on division, I am proud to live in a country where our dedication towards supporting one another is a part of our identity.

I would also like to take this opportunity to thank Water Movement for your efforts to connect water treatment operators, and for ensuring that their contributions are never forgotten.

With my very best wishes.

Ottawa
