MEDIA RELEASE

BONES FOUND IN ST. REGIS ARE BEAR REMAINS

On June 26, 2023 at 2:55 p.m., the Akwesasne Mohawk Police Service received a call from youth who were swimming at the point in the village of Kana:takon (St. Regis), Akwesasne, Quebec. The youth had discovered bone remains.

Police arrived and collected the remains which were partially intact. Police consulted with a Canadian Anthropologist Expert who provided information to AMPS deeming the bone remains to belong to a bear.

Akwesasne Mohawk Police would like to thank the young community members for calling the police.
