OUR PRODUCTS

Onyfix Painless Nail Correction System

- Ingrown nail treatment
- Padding
- Toe foam
- Lamb's wool protection

OUR SERVICES

By Appointment Only

- Advanced foot care for individuals with diabetes and/or high-risk medical conditions.
- Basic foot care for low-risk individuals
- Reduction of ingrown toenails, corns, and calluses
- Home visits by exception for individuals with no/low mobility and for those without transportation from friends, family, or community services.

High-risk individuals are seen within six (6) weeks.

Basic foot care appointments are seen within 6-8 weeks.

We will work with your provider to obtain foot-related prescriptions and/or orthotic referrals.
